So large it will probably slow down Google Earth in the desktop.

Stick with Townships until you really need this level of detail.

**All KMZ files reflect data as posted at the NV BLM website as per May 2011**

Please refer to the NV BLM web site for the metadata (information about the data's accuracy, purpose, creation etc. The only changes in the KMZ files poasted here is that the data has been converted from NAD83 UTM Zone 11N to WGS84 as per the standard datum and projection used by Google Earth.
